Ford Transit 2.0/2.4 Diesel 2000> OE Visteon Starter Motor Now Available !

*Everyone knows about the Ford Transit starter motor design fault with the dual mass fly wheel on the 2.0 & 2.4 diesel models! We know it is a design fault your customer thinks it's a faulty starter motor!
We can now offer a genuine Visteon type (as supplied by Ford's) as an alternative to our Brand New and Remanufactured units.*

*This unit is available from stock brand new, outright purchase,
no old unit required for exchange!*
